WHAT OUR CLIENT SAYS?

We have had nothing but a great experience working with SafeHands in several buildings we manage. Their team is professional, knowledgeable and never lets us down. We look forward to many more installations in the future.

CEO
Sapil Perfumes

We just completed a 80 cameras & 6 DVRs install at our facility. From the first meeting with the sales rep to the last hand shake at completion, my experience with SafeHands was Top Rate!

DIRECTOR
Jillani Hospital - Quetta

COMPLETE SECURITY SOLUTIONS

Nothing we do is ever going noticed. It's on CCTV Cameras, it's on phones, it's everywhere.

OUR SERVICES.

CCTV Cameras

SafeHands are innovative design and installation specialists of the latest CCTV technologies. Our forward thinking approach enables you to address your security challenges with the most powerful solutions. We keep up-to-date with the latest proven CCTV developments so that your property is protected by the very best solutions available. Our highly-trained technical team will survey the site and give the best solutions to our customers.

Fire Extinguisher, Ball & Alarm System

Did you know that majority of fires occur out of hours when buildings are closed and that quarter of businesses, affected by serious fire, never recover? Rapid response is crucial to stop a minor fire becoming a major disaster. SafeHands offer a selection of cost-effective and dependable fire safety equipment, maintenance and training services to keep your staff, assets and premises safe.

Security Surveillance System

SafeHands provide a complete range of security services that can be applied to your overall solution or as individual services to support a specific requirement you may have.

With the command over security technology, experience and expertise, our team of accredited and qualified hardware and software engineers, designers and project managers can provide:

- > Indigenous Heavy Duty Barriers
- > Barbed Wire & Wall Fencing
- > Security System Design
- > Security System Installation
- > Remote Security Monitoring
- > Service and Maintenance
- > Security System Test & Repair
- > System Training
- > Guard Patrol System

Access Control System

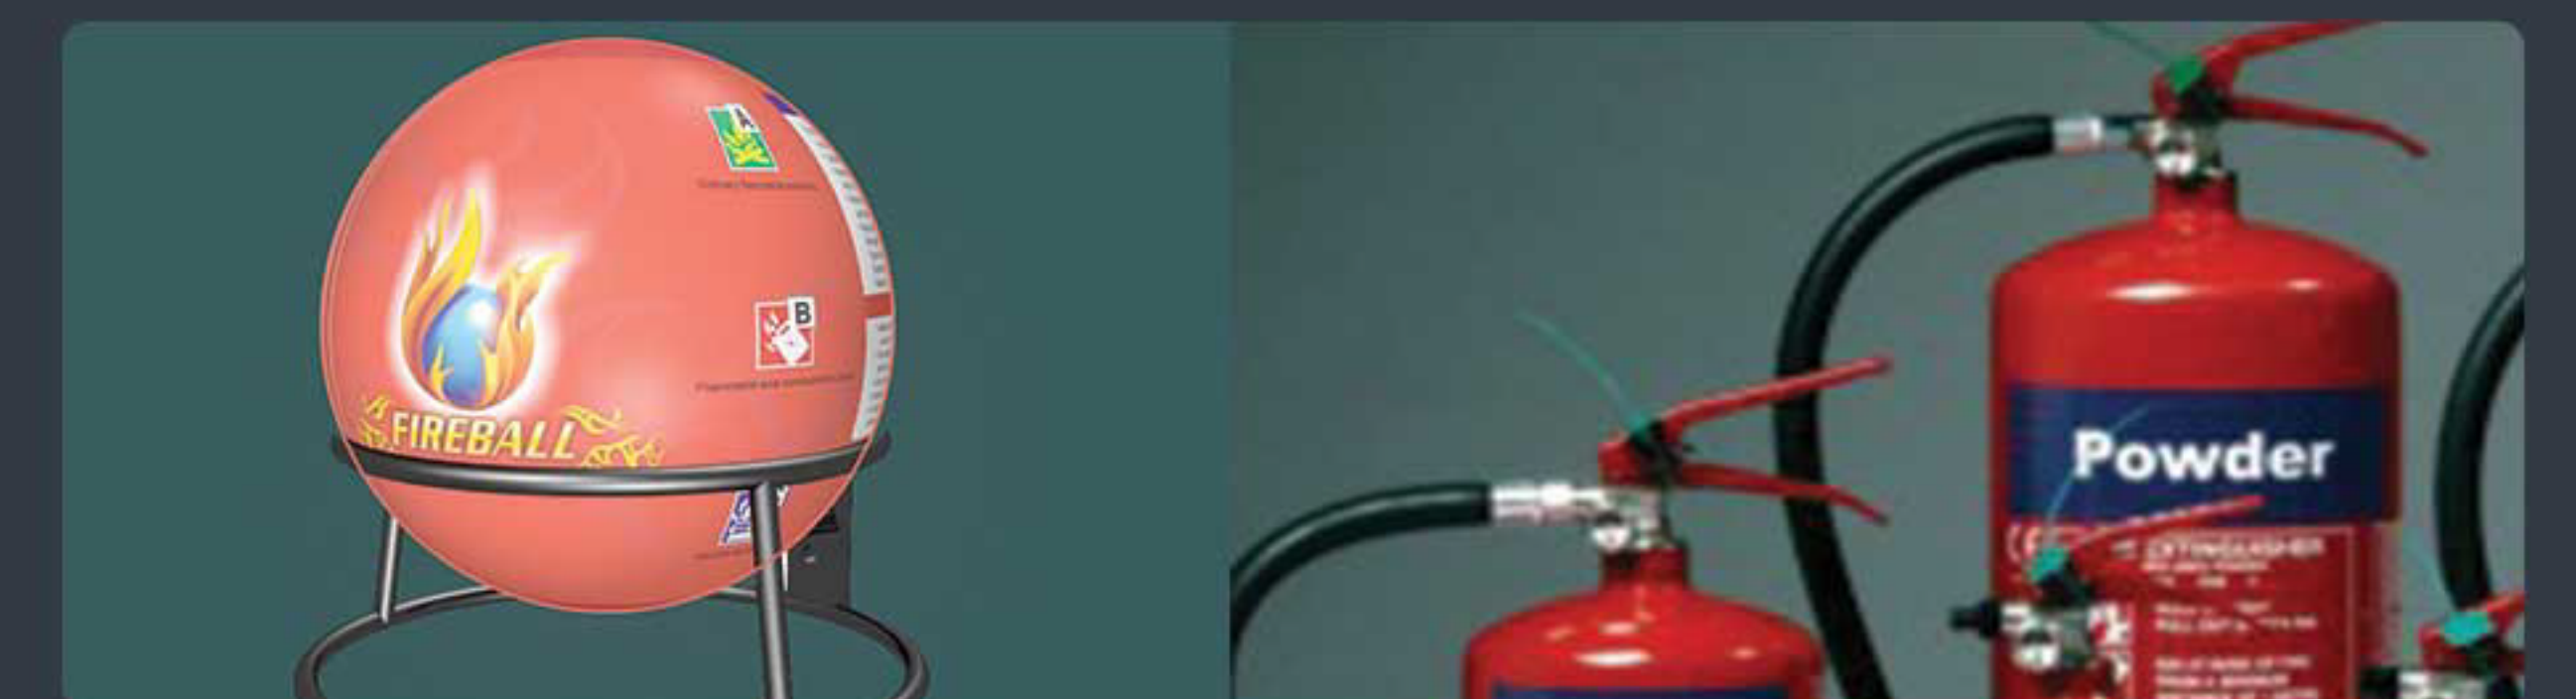

SafeHands provide a comprehensive range of access control systems and services whether it be the provision of a welded mesh fence for a school or an integrated security system for entrance control combining bi-folding speed gates, ANPR, intercoms and proximity access control.

Access can be controlled to premises in a variety of ways and often by layers of perimeter control, including:

- > Access Control Systems including FRID & Biometric Readers
- > Access Control Service & Maintenance
- > Security Fencing Solutions
- > Security Gates, Automatic Barriers & Turnstiles
- > ANPR (Automatic Number Plate Recognition) Systems
- > Intercom Systems – Video, Phone and Door Entry
- > PABX System

WE BELIEVE IN KEEPING YOU SAFE

WE SPECIALISED IN THE DELIVERY OF COST EFFECTIVE INTEGRATED SECURITY & NETWORK SOLUTIONS

THE BEST SECURITY COMPANY FOR YOU

We also deal in Walk-through Gates, Metal Detectors, IP Cameras, PABX, Public Address System, Announcement System, Conference System & Computer Networking etc.
